

## Social Networking Activity 7

Hello Ulissers!!

We hope all of you are enjoying this final journey of ULisses. Your mentors are here to give you another challenge for this week!

Imagine you are receiving a colleague from Ulisses at your hometown, where will you take him/her? Do you know a special place that guidebooks do not know about? Please share with our community a place dear to your heart from your hometown and tell us a little bit about it.

We are excited to see where you will take us!
